CONCURRENT RESOLUTION

Expressing the sense of Congress that Congress should participate in and support activities to provide decent homes for the people of the United States.

Whereas the United States promotes and encourages the creation and revitalization of sustainable and strong neighborhoods in partnership with States, cities, and local communities;

Whereas the United States promotes and encourages the creation and revitalization of sustainable and strong neighborhoods in partnership with States, cities, and local communities and in conjunction with the independent and collective actions of private citizens and organizations;

Whereas establishing a housing infrastructure strengthens neighborhoods and local economies and nurtures the families who reside in them;

Whereas an integral element of a strong community is a sufficient supply of affordable housing;

Whereas affordable housing may be provided in traditional and nontraditional forms, including apartment buildings, transitional and temporary homes, condominiums, co-operatives, and single family homes;

Whereas for many families a home is not merely shelter, but also provides an opportunity for growth, prosperity, and security;

Whereas homeownership is a cornerstone of the national economy because it spurs the production and sale of goods and services, generates new jobs, encourages savings and investment, promotes economic and civic responsibility, and enhances the financial security of all people in the United States;

Whereas although the United States is the first nation in the world to make owning a home a reality for a vast majority of its families, $\frac{1}{3}$ of the families in the United States are not homeowners;

Whereas a disproportionate percentage of families in the United States that are not homeowners are low-income families;

Whereas 74.2 percent of Caucasian Americans own their own homes, only 47.1 percent of African Americans, 47.2 percent of Hispanic Americans, and 55.8 percent of Asian Americans and other races are homeowners;

Whereas the community building activities of neighborhood-based nonprofit organizations empower individuals to im-

prove their lives and make communities safer and healthier for families;

Whereas 1 of the best known nonprofit housing organizations is Habitat for Humanity, which builds simple but adequate housing for less fortunate families and symbolizes the self-help approach to homeownership;

Whereas Habitat for Humanity is organized in all 50 States with 1,655 local affiliates and its own section 501(c)(3) Federal tax-exempt status and locally elected completely voluntary board of directors;

Whereas Habitat for Humanity has built nearly 150,000 houses worldwide and endeavors to complete another 50,000 homes by the year 2005;

Whereas Habitat for Humanity provides opportunities for people from every segment of society to volunteer to help make the American dream a reality for families who otherwise would not own a home; and

Whereas the month of June has been designated as “National Homeownership Month”: Now, therefore, be it
